Solar Power

Across

3. Anything that can be reused over and over again
6. Thick blancket of air that surrounds the Earth
8. Turns mechanical energy into electrical enrgy
10. Machine with rotating blades

Down

1. The central part of an atom
2. Energy given out in waves by high-enegy particles
4. The average waether in a region over a period of time
5. A milloin watts (watts are a unit of power)
7. Turns sunlight directly into energy
9. Tall metal tower that supports high voltage electric cables
